

making waves in a  
wire-free world

# GEO28V2

Rechargeable 4 line alphanumeric pager

## Features

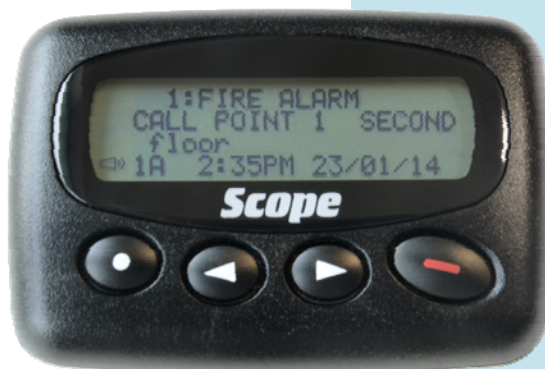

- Easy, icon driven operation
- Rechargeable via USB
- Switch between 4 or 2 line display
- Supplied holster has a belt clip and screen guard
- Message scheduling function
- Micro USB port for charging/programming

## Performance and Value

Four button operation with icon driven menu options make the GEO 28V2 pager quick and easy to use. The four line dot matrix screen displays your text in a clear easy to read format. Add to this a compact ergonomic case design and USB charging and you have a classic pager suitable for most paging applications

Two-line zoom mode gives clear bold text for quick, easy reading

Four-line mode, when more information needs to be conveyed

Icon driven for simple operation

## Main Features

- **Two / Four Line Display (switchable):** The GEO 28V2 features a high contrast 120 x 32 dot matrix LCD display showing 20 characters x 4 lines of text or 12 characters x 2 lines of text
- **Rechargeable:** Via 5v micro USB port so there's no need for a charger.
- **Message Schedule Function:** A block of four capcodes can be enabled/disabled using a 7 day calendar. Ideal for shift workers
- **Urgent Call:** A distinct alert ideal for emergency services (Fire, Police, Hospitals), can be pre-programmed to respond to a specific address and beep style.
- **Simple Operation:** Easy to use 4 button operation with icon driven menu options.
- **Selectable Functions:** Both the Repeat Message and Reminder Alert functions can be enabled or inhibited when the pager is first programmed.
- **Multiple Alert Modes:** The user can select from the following alert modes or a specific mode can be fixed at the time of first programming:
  - Tone (4 beep styles)
  - Vibrate
  - Tone + Vibrate
  - Mute

## Other Features

- All or Single Message Delete
- Real Time Clock
- Alarm Clock Function
- Unread Message Indicator & reminder
- Repeat Message Indicator
- Low Battery Reminder
- In/Out of Range Indicator
- Selectable Backlight
